

HARMONIX Tuning Spikes

TU-210 ZX Million Maestro Spike

"Million" is a symbol mark for Harmonix maestro series products. The Million products have been developed in use of our traditionally oriented Harmonix Resonance Control Technology, extreme rare and essential tuning material and crafting engineering.

Voices become natural, clear and immediate. Drums are dynamic, powerful and precise. The sound reproduction of string instrument will become richer and delineated. The soundstage gain astonishingly balance and three dimensional.

RF-999M, like other Million Maestro series products, is for sure absolutely worthy product to invest and your money can buy.

It's unavoidable product for your systems!
