

HARMONIX Tuning Bases

Harmonix Tuning base RF-999Z Million

RF-999Z is a new product that has been improved based on the tuning effect of RF-999MTmk2 and RF-999M and the tuning effect is the greater as Tuning maestro expected.

RF-999Z is designed for large speakers system in principle.

If the speaker already has Spike, receive with RF-999Z. If the speaker does not have Spike, suggest to use REI-168 as spike.

Place REI-168 at the corner of the speaker edge and receive it with RF-999Z.

The height of REI-168 can slightly be adjusted, so adjust it firmly.

RF-999Z spike base principle:

- 1) Transforming and Balancing resonance
- 2) Materials: Hybrid of fine wood and metal
- 3) Color: Black only. Set of 4 pieces
- 4) Size: 77mm(Φ) Bottom x 22(H)
- 5) Weight allowance: some hundreds kg.

Tonalité: neutre, un peu plus organique que RF-999M

Utilisations principales :

- . sous des enceintes avec les pointes d'origine ou des cônes REI-168
- . sous des amplificateurs à transistors un peu froids, ou des amplificateurs à tubes, avec des REI-168
